7-18-88. Going to Newport (really Middletown) Lois rode with Florence and Pat with ~~THINGS TO REMEMBER~~ me. Dropped off film to be developed, Florence led us through Providence, then went on ahead. Stopped to draw cash, and to get gas. Hit another station where they no longer have regular gas. Arrived at Newport to find Peg, Becky & her kids waiting for us, as well as Fred Brown. Buggy afternoon, so younger ones to beach. In evening Becky received a phone call from Julius at his Boston meeting that he has some kidney stones, and one is giving him a lot of pain - had been to emergency room at hospital. Fred returned home about 8 p.m. - Watched opening of Democratic National convention with keynote speaker Ann Davis? who Pat knows in Austin.

Weather has turned rainy with frequent showers, so kids couldn't enjoy the beach. Florence concerned by report from Nicky that Nick throwing out things she wanted saved, so she went back to Providence for overnight. Watched Demo convention again, with Jesse Jackson speech the highlight.

Watched news and most of 6:00 PM. Contacted Jacqui Raia + will see them Thursday
 went for a walk.

7-31-88 - Visited with Tommy and Sally for a while before heading south on their ~~THINGS TO REMEMBER~~ street (old Boston - Taunton TPK) to 495 and on to Wrentham in time for church. Dave and Ida were there, as well as Doris Riakton, so we had quite a few out of town relatives there. They went over to Aunt Elsie's, to see Raymond. (Dave and Ida had brought him up from Miami.) He looked fairly good, but didn't have much to say and had trouble getting out thoughts. He did come over and look at the motor home before we left. Dave & Ida are going to take him back to Florida after visiting in Wrentham and try to make some permanent arrangements for ~~NEW FRIENDS~~ locating Ray, such as a retirement home, etc.

They believe he has had a slight stroke, as well as the apparent onset of Alzheimer's. Left a little before noon, ate lunch in the camper in a strip parking lot in N. Attleboro, then by for a visit with Dorothy Wentz, who is now 88 and still sharp, although her eyesight is poor and her hearing is deteriorating. Stopped by cemetery on Rt. 120 where Ballous are buried, then on to Florence. Looked at slides in the evening including some of ours which had just been processed.

8-1-88 - Since Florence's car is overdue on inspection, we took Pat **THINGS TO REMEMBER** to the Providence bus station to catch the **DATE** 9:30 a.m. Boston airport bus. After dropping her, did some errands and gassed the Camper. At noon took Nancy and Florence to Friendly's for lunch. Then took Nancy to airport to catch 3:15 flight to Syracuse. Took a wrong turn on the way to the airport and had to turn around next exit up, complicated by road construction. In the ^{late} afternoon Lois & Florence continued to **NEW FRIENDS** select things to go to the church rummage sale. I helped load the things into the car, and then we went over to the church and carried them in. On the way home picked up some Chinese food to take home - Nick had wanted some. We ate ours when we got home - Nick ate his later - none of the household ever eats together.

8-3-88. Upan time to say sorry
to Pat & Gabby. Had a little trouble
getting out ~~THINGS TO REMEMBER~~ & U. S. 6,
then no problems except the
~~DATE~~ miserable rough roads.

Temperature running around
90° and the humidity high, but
car air conditioner kept up
fairly well. Stopped and took
walk at overlook just past
Bear Mt. Bridge on U.S. 6.

No trash containers & junk thrown

sweet corn for supper just before
reaching camp. Called Sandy - Pat &

8/6/88 - Sandy, Jennifer, Lois and I left for Raleigh in their van to **THINGS TO REMEMBER** pick up Pat + Mel in Raleigh, where Mel

DATE had been attending a conference. Found their hotel OK, ~~and~~ on the way back stopped at Duke Chapel and went in and looked around. Then on back to Burlington for lunch at home. After lunch went up to Camera Corner and Chip gave us a tour of the whole place. Their retail store sales only account for 15% of their business - they do a lot with systemization and businesses. The Dabers and the Winters took the "Neckman's" to dinner at the Cutting Board, then went out to Elon College + looked around the campus. From there to Relay + Kellan Russell's for dessert and for Pat + Mel to catch up on the Russell family's doings. Back to house - Lois + I slept in the camper.

DATE 8-7-88 - We all went to church at Presbyterian **HOME ADDRESS** in Graham - Had guest minister who had just moved from California to Richmond, Virginia. Stopped for lunch and girls to the movies. Chip + Melvin to the computer, and I crawled under the camper to try to locate source of noise which developed recently. Found one bolt missing and the other loose, attaching rear motor mount to the transmission. Chip found replacement, I installed it + tightened others. After supper up to mall for ice cream, then home to look at slides. Last night in the camper for a while.
