

October 19, 1999

To: Members, Site Selection and Building Program Committee  
(SS&BPC)

From: Co-Chairs, SS&BPC

Subject: Next meeting.

**The next meeting of the SS&BPC will be on Wednesday,  
November 3, 1999 at 7:30 p.m. at the Church.**

The sole agenda item will be the organization of the report on the Committee's activities to date and the lessons learned therefrom.

This is an action item from the meeting of October 14, 1999 pending Congregational approval (now obtained) of the resolution to defer activities until the forthcoming pastoral transition period is concluded.

The purpose of the report is to make restarting the project as smooth as possible and to ensure that, when it is restarted, time will not be wasted learning what has already been learned.

Please come, *en masse*, equipped with lessons learned and what contribution you can make to this report.
